

For over 100 years, Bigge has been one of America's premier global crane sales, crane rental, and project services companies. Bigge has provided heavy lift, heavy rigging, specialized transportation equipment and innovative engineering solutions for some of the most challenging projects across the US.

Bigge currently owns and maintains the largest inventory of new and used cranes in the country.

Who We Are

Bigge has been applying innovative rigging and transportation solutions to world-class projects for over 100 years. Today Bigge is one of the fastest-growing crane rental, crane sales, heavy rigging and specialized transportation companies in North America.

Location

Headquartered in San Leandro, CA, Bigge has over 15 local branches throughout the United States, including locations in Houston, Los Angeles, Seattle, Salt Lake City, Denver, Richmond, VA, Missoula, MT, Aiken, SC and [more](#).

Founded

Bigge was founded in 1916 in Oakland, CA by Henry W. Bigge. Weston Settlemier, the fourth generation to manage this family-owned firm, became President in January 2000.

Employees

Bigge employs more than 300 employees from our Northern California offices and branches, and more than 700 employees worldwide.
